

Engage. Learn. Work. Serve. Grow.

The Hartford Area Career and Technology Center is a learning community for students and educators. We believe the following:

All students can learn.

Leadership and teamwork are essential to learning.

Learners solve problems and think critically.

Evidence of learning results from applied occupational, academic, and technological practice.

Learning and service strengthen the greater community.

Learners communicate effectively.

Learning creates and sustains strong, caring individuals.

Learning occurs in a respectful, diverse, equitable and safe community.

Reflection complements learning.

Purposeful relationships between students and educators enhance learning.
